

## MINUTES / SUMMARY OF SPOSI VIRTUAL CONFERENCE, DAHOD.

SUNDAY, 13<sup>th</sup> DECEMBER, 2020.

Dear colleagues,

As you are all aware that due to the Covid-19, pandemic we could not hold the physical conference scheduled for Jodhpur.

Nevertheless, we did hold a wonderful and very successful virtual conference hosted by Dr Shreya Shah at Drashti eye Centre , Dahod, which included a full day scientific program, comprising of didactic talks , competitive sessions, and E-posters.

As per the information, about 600 delegates logged-in for internet viewing and double than this were attending from facebook and other medias.

This year SPOSI held the first Prof. Prem Prakash Oration lecture by one of the stalwarts and authorities in the world, Prof. Michael Brodsky, from Cleveland Clinic, USA.

The following is the result of the best paper awards in the various categories of competitive sessions :

- 1) Free paper session : Prof. Kamlesh best paper award.  
Dr Savleen Kaur: "Coimparison of swept-source anterior segment optical coherence tomography and wide-field USG for imaging of previously operated EOMS.
- 2) Interesting case presentation : Prof. Subhash Dadeya award.  
Dr. Sasikala Elizabeth: Masquerading Iris tumor in an infant.
- 3) Video session : Prof. Hanumantha Reddy award .  
Dr.Vidhya. C: "Plication augmented modified Nishida Procedure for 6<sup>th</sup> N. palsy.
- 4) E-Poster session : Prof. Yogesh Shukla award.
